Product Information

Display

Black Matrix Real Flat Tube

A technological breakthrough over the rounded conventional tubes. It delivers excellent picture quality, perfect images from any angle of the screen and an anti-reflection coating to prevent straining of the eye for maximum viewing comfort.

Picture

Incredible Picture

Creates a remarkable increase in clarity and sharpness at the point of transition from dark to light areas of the video image for a picture so sharp and well defined that you'll never want to go to the movies again.

Package includes:

- Green Enhancement
- Histogram
- Luminance Transient Improver
- Skin Tone Correction

Colour Transient Improver

Actively processes the colour (chrominance) signals for enhanced depth and colour definition.

Contrast +

Greatly enhances the degree of black to white contrast, thus optimising the total contrast for improved picture quality.

3-Position Colour Temperature (Warm, Normal, Cool)

Dynamic Noise Reduction (DNR)

Smart Picture (Soft, Natural, Rich, Personal)

Reception

- Tuning system PLL digital tuning
- Tuner UV, S and H Tuner
- Channel selection PAL: 100 presets
NTSC: 181 presets
- Video playback NTSC 3.58/4.43/PAL 60

Teletext (when available)

- 10-Page Teletext (Fastext)
- A Teletext system to choose Teletext-pages via 4-coloured "fast" keys on the remote control with storage capability of up to 100 pages.
- Reception standards TOP/FLOF

Close Caption (NTSC versions only)

Feature allows the hearing impaired to read dialogue and narratives (on Closed Caption telecasts) without the use of an optional decoding device. Excellent for the development of language skills and private viewing without disturbing others.

Operation

- Remote control RCA10APC
RCA10APD (NTSC versions only)
- Number of remote control buttons 35 buttons
31 buttons (NTSC versions only)

Sound

Incredible Surround

An exciting psycho-acoustic method of widening the stereo spatial image for full-impact home entertainment.

Auto Volume Leveller

Suppresses unexpected volume increases in the sound modulation while viewing commercials or when switching broadcast channels.

NICAM/2CS/BTSC dbx

Smart Sound (Theatre, Music, Voice, Normal)

- Sound Output 2 X 5 W RMS
Loudspeaker used Full range
Loudspeaker size 1.7" X 6"

Convenience

- Alternate Channel
